OFFICE OF THE PRESIDENT,
CITY MUNICIPAL COUNCIL, MYSORE

Dated 27th December 1919

FROM,

RAJASABHABHUSHANA DIWAN BAHADUR,
C SRIKANTESVARA AIYAR, B A, B L,
PRESIDENT, CITY MUNICIPAL COUNCIL,
MYSORE

To,

B. Ramaswamaiya, Esquire., B.A , B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore Revenue Department.

SIR,

With reference to Government Proceedings No. 4050-60/Md. 98-19-1 dated 22nd September 1919 passing orders on the regularisation and development of Municipal taxation in the State and calling for a report on the action taken to develop the sources of Municipal income before the end of December 1919, I have the honour to state that the subject is a complex one and of vital importance both in the interests of the rate-payers and the finances of the Municipality and as such deserves the careful consideration of the Council.

2. As owing to pressure of work in connection with the Dasara and the Viceregal visit etc., it was not possible for the Council to make such exhaustive study as the importance of the subject demands, I beg to request that you may be so go(as to move the Government to extend the time for the submission of the report till the end of January 1920

3. A copy of the Resolution of the Council on the subject is enclosed for reference-

I have the honour to be,
Sir,
Your most obedient servant,

President

OFFICE OF THE PRESIDENT,
CITY MUNICIPAL COUNCIL, MYSORE

Dated 1st February 1920

9

2.1 3

Mu98-19-14

FROM,

RAJASABHABHUSHANA DIWAN BAHADUR,
C SRIKANTESVARA AIYAR, B A, B L,
PRESIDENT, CITY MUNICIPAL COUNCIL,
MYSORE

To,

R. Ramaswamaiya, Esquire., B A ,B.L.,
Secretary, to the Government of His Highness
the Maharaja of Mysore Revenue
Department

SIR,

With reference to Government Proceedings No 4050-60/Mi 98-19-1 dated 22nd September 1919, passing orders on the regularisa--tion and development of Municipal taxation in the State and calling for a report on the action taken to develop the resources of Municipal income, I have the honour to state that the subject was fully discussed by the Municipal Council in their Special meeting held on 23rd January 1920 Conies of their Resolutions and a Note by the President explaining the present financial condition of the Municipality and the increase of revenue anticipated by giving effect to the several proposals detailed below, are herewith submitted —

2. Octroi is now being levied on 14 articles at various rates and the average income for the last five years under this head is Rs. 84,000. The levy of a Terminal tax in addition to or in lieu of Octroi is under consideration, but the exact nature of the Terminal tax and the necessary statistics relating thereto have yet to be investigated. As it is inexpedient to relax Octroi, the principal source of income to the Municipality, without devising a proper substitute for it, the Council is of opinion that the matter be further fully investigated before submitting a recommendation to

Government in the matter

3 The tax on buildings has been recently revised and the revision takes effect from the 1st of July 1920. The water and light taxes increase automatically with the increase in tax on buildings. The total increase under these heads amounts to Rs. 23,000 or nearly 50 per cent. The result of the revision is thus fair and under the present circumstances of the City, these rates do not admit of further enhancement

4 The mohatarfa, shop, and oil mill taxes which are not authorized by the Municipal Regulation are, proposed to be abolished with effect from 1st July 1920. This involves a loss of Rs 6,400 to the Municipality, which will be recouped by the levy of Profession tax, with effect from the same date, estimated to yield nearly Rs 11,200, or Rs 4,800 to the advantage

5. The cart tax is being levied in this Municipality under the old mohatarfa Rules This will be replaced by the tax on vehicles and animals under Section 59 of the Municipal Regulation

6 A Special Sanitary cess which has been under the consideration of the Municipal Council for a long time, will be introduced with effect from 1st July 1920 as directed by Government The estimated income under this head of Rs 10,000 will be barely enough to meet the cost of additional conservancy carts, establishment etc , which the levy of this cess involves

7 The net result of all these proposals will yield a surplus of only Rs 14,000 over the normal expenditure of the Municipality, as explained in the accompanying Note, provided the Government generously continue their usual contribution towards the water supply, and allow the concession rate sanctioned in Government Proceedings No 583-7/C P S dated

30th September 1914 as regards street lights. This small balance of Rs. 14,000 anticipated, is hardly enough to meet the multifarious growing demands on the funds of the Municipality.

8. The water tax will be increased in the revision, from Rs. 15,000 to Rs. 22,800 and as this amount will be credit -ed" to Government as heretofore, the Government contribution will be proportionately reduced.

9 The income derived from the light tax will also increase from Rs 5,000 to Rs 7,600 but the expenditure incurred under this head which amounts to Rs 22,800 is far in excess of the income and is being met from other far too slender resources of the Municipality which as at present circumstanced finds it absolutely impossible to meet more.

10. Mysore is a ceremonial City and derives its importance chiefly from the fact that it is the Capital of the Territories of His Highness the Maharaja The place is dull except during the brief periods of the national festival of Dasara and His Highness the Maharaja's Birthday festivities or other high ceremonial occasions, when it attracts a large number of people from all parts of India There is hardly any trade activity, insular as it is, and the earning power of the people is fearfully low Though the City is expanding rapidly on all sides, mostly on sanitary grounds, the population is very much the same and is yet to better Under such circumstances though efficient arrangements, according to modern requirements, have to be made at great cost as regards sanitation, water supply, drainage, street lighting etc , the capacity of the residential citizens to bear the burden of taxation is extremely limited The same cannot be said of commercial City like Bangalore It is this consideration that obliges this Council to approach the benign Government of His Highness the Maharaja for exceptional treatment

11 With these submissions I have to request that you may be so good as to do me the honor of placing the subject before Government and obtaining their very early orders on the above proposals for taking needful action.

I have the honour to be,
Sir,
Your most obedient servant,

President

MRV.

READ -

Government Proceedings No R 4050-60/M1 98-19-1 dated 22nd September 1919 passing orders on the regularisation and development of Municipal taxation

(2) Read also President's Note dated 15th January 1920 on the subject.

Resolved —

(1) that the subject of levying terminal tax in addition to or in lieu of

Octroi be further fully investigated before submitting a recommendation to Government in the matter.

(2) that the rate of tax on Buildings now levied and the result of recent revisions are fair and do not at present permit of further enhancement

(3) that Mohatarfa shop and Oil mill taxes which are not authorized by the Municipal Regulation be abolished with effect from 1st July 1920,(Mr.Purushothamanandagiri Goswamy-dissenting)

(4) that profession tax be levied with effect from 1st July 1920.

(5) that the Mohatarfa cart tax be replaced by the tax on vehicles and animals under Section 59 (ii) of the Municipal Regulation, from 1st July 1920, and that suitable bye-laws be framed therefor.

(6) that a Special Sanitary cess be levied under Section 59 (vi) of the Municipal Regulation with effect from 1st July 1920, (Mr.Purushothamanandagiri Goswamy dissenting)

(7) that in the present condition and circumstances of the City, it is not possible to any further enhance the water rate so as to provide for all the maintenance charges and additional capital expenditure required for water works, and that Government be

15

therefore requested to be pleased to continue their contribution as heretofore

(8) that for similar reason, it is not possible to enhance the rate of lighting tax at present, and that the Government be accordingly again approached with a request to reconsider their orders regarding the levy of a royalty of Rs 30 per lamp.

NOTE

On the Regularisation and development of Municipal taxation

17

NOTE

On the Regularisation and development of Municipal Taxation

---

1. Octroi — Octroi is now being levied on 14 articles at various rates. The average income for the last 5 years was Rs. 83,900 or 84,000 in round figures. A statement No I, showing receipts from each article subject to Octroi is appended hereto Revision of substitution of terminal tax for all or any of these items needs careful investigation which will be done in due course. Till then, Octroi has to continue

2 Building tax — This tax is being revised and is expected to increase from Rs 25,300 to Rs. 38,000. Thus there will be a net increase of Rs. 12,700 under this head or nearly 50 %

3. Water tax — This increases automatically with the increase in house tax and is expected to rise from Rs 15,000 to Rs 22,800. The realizations under this head are being credited to the Water Supply Department which is maintained by Government at an annual cost of Rs 60,000. There are 393 public fountains and 1,314 house connections at present As the City is rapidly expanding on all sides, many more fountains and house connections have to be given and this means further increase in expenditure under this head

4. Light tax — This also increases automatically with the enhanced assessment of house tax and is expected to increase from Rs 5,000 to Rs 7,600 . The expenses under this head amount to Rs. 21,800 in round figures. The statement No III gives the details The expenses under this head are Rs. 14,200 more than the income. 264 additional lights are to be installed at an annual cost of Rs. 7,900 The total expenditure under lighting will therefore amount to Rs. 29,700 or Rs. 30,000 nearly There were 440 kerosine lights before electric lights were installed and the cost incurred thereon was Rs 10,000

5 If steps are to be taken, as desired by Government, to enhance the rates of lighting tax and water tax so that the income therefrom may be sufficient to defray in full, the charges incurred for their services, these taxes have to be increased at least threefold

6 Statement No II exhibits the present demands and increases in each mohalla, under these items of House tax, Water tax and Light tax, aggregating in all to an increase of Rs 22,845

7. Profession tax — This is a new tax proposed to be levied in lieu of Mohatarfa shop tax and oil mill tax now in vogue, contrary to the Municipal Regulations This tax is estimated to yield Rs 11,200 — Vide statement No. IV annexed Deducting out of this, the shop and oil mill tax now yielding Rs. 6,400, the net increase under this head will amount to Rs. 4,800

8 Tax on animals and vehicles — The income under this head is Rs 7,700 at present. Under Government Proceedings No R.4050-60/Ml 98-19-1 dated 22nd September 1919, the cart tax is to be abolished, as not authorized by the Municipal Regulations. If this is done, the income under this head, leviable purely on animals will be reduced to Rs. 4,000 But the loss of Rs 3,300 on carts, can be made good by taking power to make needful bye-law to convert the ' Cart tax ' to ' Vehicle tax.'

9 Income from Markets and Slaughter-houses The present income under this head is Rs. 21,000 16 more shops have been constructed in the Devaraj Market and they are expected to yield an annual rental of Rs 4,000. Thus the total increase under the head will be Rs. 4,000

10 Government have directed the levy of a special sanitary cess from 1st of July 1920. This very important subject of sanitation has long been under the consideration of the Council, and cannot without jeopardizing the health of the City be deferred any longer If this cess is levied an income of Rs 10,000 per annum is expected to be realized, and the additional establishment necessary to cope with the enforced cleansing of the City is estimated to cost Rs 9,240 or Rs. 10,000 in round sum. Thus the income under this head will be just enough to meet the cost which the levy of this cess involves.

10 The following comparative tables show the total income and expenditure under various heads —

(A) Income-	Present income Rs	Revised income Rs.
1. Octroi	84,000	84,000
2. Tax on buildings & lands. ..	25,300	38,000
3. Water tax . .	15,000	22,800
4 Light tax .	5,000	7,600
5 Vehicle tax ..	7,700	7,700
6 Income from Markets and slaughter houses.	21,000	25,000
7. Profession tax	-	11,200
8 Shop tax	6,000	
9 Oil mill tax .	400	
10. Special Sanitary cess.	-	10,000
11. Tolls. . .	30,000	30,000
12. Pounds	3,000	3,000
13 Rent on buildings & Lands.	5,000	5,000
14 Sale proceeds of lands	3,000	3,000
15. Revenue from Sewage Farm	1,000	1,000
16 Contributions from Government.	59,400	59,400

" For road repairs	Rs	9,550
Sanitary purposes	"	4,465
Educational "	"	3,861
Registration & Surcharge fees	"	8,500
Vani Vilas Water Works		33,000
Total Rs. 59,376		

17. From District Funds	1,500	1,500
18 Miscellaneous	5,000	5,000
Total Rs.	2,72,300	3,14,200

(B) Expenditure — (As per sanctioned budget for 1919-1920)

1 Head Office establishment etc Rs 18,052

2.	Octroi Establishment etc	Rs.	10,223	
3	Mohatarfa	"	7,654	
4	Pensions.	"	2,000	
5	Kerosine oil lamps	"	2,360	
6	Electric light	"	22,800	
7	Public Works	"	54,515	(average of last 5 years).
8	Sanitation and Conservancy	"	81,298	(Including Rs 1,0000 for additional establishment consequent on levy of special sanitary cess)
9	Medical relief including vaccination and registration of births & deaths.	"	8,108	
10	Public gardens & Avenues	"	4,176	
11	Markets and Slaughter houses	"	1,524	
12	Cattle pounds	"	2,060	
13	Public conveyance	"	430	
14.	Water Supply	"	49,180	
15	Fairs & Festivals	"	5,000	
16	Sewage Farm.	"	2,976	
17	Public Instruction	"	18,861	
18	Miscellaneous	"	9,310	
	Total	"	3,00,527	

12 The revised income of Rs 3,14,000 is in excess of the expenditure by only Rs 14,000

13 If under such circumstances, Rs 33,000 Government contribution towards water supply and additional expenditure towards street lighting referred to in para 4 above amounting to another Rs. 8,000 be deducted the Municipality will have a minus balance of Rs 27,000. Besides a premier

Municipality like Mysore has growing demands on its funds. It is for the Municipal Council to devise ways and means to meet them

President,
City Municipal Council

MRV.

Proceedings of the Government of H.H.
the Maharaja of Mysore.

Read -

Letter No.103 dated the 1-2-1920 from the President of the Mysore City Municipal Council submitting with ref to G.O. No.R.4050-60 Mn.98-19-1 dated 22-9-1919 proposals for increasing the income of the Municipal Council.

Order--No. R 11380 /mu98-19-20

Dated Bangalore, the 30 3 1920.

The proposals of the Municipal Cl. are to the following effect -

(a) Shop and oil-mill taxes to be replaced by the profession tax.

(b) Cart tax now levied under the Mohatarfa rules to be replaced by taxes on venicles and animals under Sec 59 of the Munic pal Regulation.

(c) Special sanitary cess to be newly levied.

(d) The present rates of building, lighting and water taxes not to be enhanced.

(e) The question of the levy of terminal tax to be further investigated

2. Though these proposals do not result in appreciably increasing the Munl. revenues, the changes to be effected are on the lines indicated in the G.O. of the 22-9-1919 and are accordingly approved.

3. The attention of the President is invited --

99

invited to Sections 46 (i) and 60 of the Municipal Regulation and he is requested to take action to frame the necessary -- rules and revise the existing rules and to submit them for the sanction of Govt. after complying with all the formalities prescribed by the Regulation.
